Dear Parents and Carers,

Y3/4 Science Workshop – The Science of Sound - Tuesday 15th December 2026

We are delighted to inform you that, as part of our current Science topic on Sound, the children will be taking part in an exciting workshop delivered by School of Noise on **Tuesday 15th December 2026.**

The School of Noise Science of Sound workshop combines interactive presentations with hands-on activities, giving children the opportunity to explore the fascinating world of sound through practical experiments, play and discovery.

During the workshop, the children will investigate how sound is made through vibrations, exploring how frequency affects pitch and amplitude affects volume. They will also discover how sound travels through different materials as longitudinal (pressure) waves, investigate echoes and sound reflection, explore how different materials absorb sound and learn how our ears detect and process sound.

To ensure this event is a success and that as many children as possible can take part and also to cover the costs of this workshop, we are asking for a contribution of £4.00 per child.

The cost for this workshop can be paid online via Schoolmoney. Although this is a voluntary contribution, if sufficient funds are not received, the workshop may need to be cancelled. However, if you would like your child to take part, but are experiencing financial difficulty, please arrange to speak to the class teacher to discuss the possibility of financial assistance.

Please complete and return the consent slip below to the school office by **Friday 11th December 2026** to confirm that you would like your child to take part and also to confirm that you have made this payment on schoolmoney.

Yours faithfully,
Year 3/4 Teachers
